

PTA Art Club Permission Form

MME PTA is hosting an art club. It is typically every other Thursday in the art room (C1). This is intended to be a fun after school club run by a parent volunteer. MME students will be given space and basic donated supplies to work on individual art projects (with adult help). Occasional planned activities will occur as well.

This art club is NOT intended as child care, extra schooling, or continued education. Students have the option to join in this activity at will, and the freedom to leave at will. The parent volunteer will do their best to ensure that students who come to art club have a safe, fun environment to participate in art.

- If a student is being disruptive beyond what the PTA parent volunteer can manage alone, an associated adult from the family will be requested to help, or said student may not be able to participate.
- My student and I understand that if my student is staying for Art Club, they are to stay safely in the classroom until they are ready to leave. When they leave the art room, it is the family's job to ensure their child safely takes themselves to their next activity for the day, not the job of the school or of the PTA volunteer.

- If I would prefer my student be picked up by an adult at the end of Art Club (or sooner), I understand that it is my job as the guardian to inform the PTA volunteer of this fact, so they can do their best to help. I understand that if the student leaves the classroom without permission that is the guardian's responsibility, and not the school or PTA volunteer.
- My student understands that the supplies to be used will be brought in by the PTA volunteer, and not be taken from materials around the classroom.
- I agree that I have completed the California State PTA permission slip for the school year (the same form as for the Mustang Fun Run). If I have not, I will sign that form before sending my student to Art Club.
